Note from Chairman

On behalf of the Devon Energy Corporation Political Action Committee (DECPAC), I am proud to share the 2024 Annual Report. As my time on the board comes to a close, I want to take a moment to express my sincere gratitude for the opportunity to strengthen and expand our relationships at both the state and federal levels with advocates who support our pro-energy and pro-business values. Thanks to the generous support of our members, we were able to help elect policy makers who support a strong energy future. I look forward to watching the continued success of the DECPAC and I encourage the members to use this time before next year's election cycle to actively listen and engage with policy makers to drive meaningful change.

Sincerely,

Rick Muncrief

Political Activity Report

Policies We Support:

The Devon Energy Corporation Political Action Committee (DECPAC) is securing Devon's future by allocating resources to state and federal candidates who advocate for policies such as:

Fair tax policies for the oil and natural gas sector

State-led oversight of hydraulic fracturing

Sustainable access to domestic energy resources

Balanced regulation of air and water quality

Criteria for Candidate Support:

How do we determine which candidates to support? Contribution decisions are made by the DECPAC Board of Directors and are based on factors such as:

Candidates stances that align with the company's priorities and key energy issues

The company's presence within the candidate's state or legislative district

The candidate's committee assignments or leadership roles

Additional factors determined at the board's discretion
